

REGAN MCCORQUINDALE

B.AgriCom. AMNZIPIM. Adv.SNM.

FARM SUPERVISOR & ADVISOR

Seeking expressions of interest in 5050 Sharemilking or Lease Farm Opportunities

PROFILE

The higher you climb, the more you see. The more you see, the less you know. The less you know, the more you learn. The more you learn, the higher you climb.

I place a lot of weight behind this saying as it reflects the journey we are on as individuals and businesses, and that no matter how high we climb there is always more that we can be doing for the betterment of ourselves, our businesses, industries and wider communities.

EXPERIENCE

Farm Supervisor & Advisor - RECO 2022

Providing full farm supervision to 4 dairy farms and advisory services to >30 dairy businesses throughout the Waikato. This role is extremely satisfying. Working with passionate and creative farmers on a daily basis. Being able to support their goals and help improve their business in any aspect possible.

Specialising in, profitability, productivity and sustainability of the farms and the teams that operate these businesses.

Our Land & Water Science Challenge Projects 2021-23

- Rere Ki Uta, Rere Ki Tai - Financial Modelling for a project led by AgriSea about the Mana (power) and Mauri (life-force) of the soil.
- Zero Internationally Produced Supplement - System Analysis of changing our New Zealand Dairy Systems
- Creating a Diverse and Sustainable Farm Forestry and Dairy Farming Landscape

PERSONAL

Turning off from work, I thoroughly enjoy,

- Riding motorbikes and mountain bikes
- Going on day hikes
- Swinging sticks on the golf course
- Playing the acoustic guitar
- Skiing on both the lakes and mountains
- Dinner with friends and family.
